The Horses
We now have nine horses performing at Riders of the Storm, Shamus, Brego, Rocky, Sunny, Drino, Banjo, Zorro, Orion and George.

There are all different sizes, breeds and ages that all bring something special to the team. Some are Vaulting and Trick Riding horses and some are more suited to giving confidence lessons and bowing on command. They join together to make a fantastic set of horses.

The Performers
Kirsty is the founder of riders of the storm. She started her equestrian career at the age of ten, when she was introduced to the sport of Equestrian Vaulting (gymnastics on horseback). Kirsty was quick to learn her new skill and was selected for the Scottish team. During this time she competed regularly throughout Europe and was in the first British vaulting team to win at an international competition.

After 18 months in England working for one of Europe’s largest stunt teams, Kirsty returned home to her roots, firstly training horses and then starting her own vaulting group and stunt team.

Amanda, Suzie, Amy, Beth, Ellie and Scott make up the Riders of the Storm team.

Our performers are all unique and have their own styles. Each of them bring a different aspect to the team; showing the grace and elegance of vaulting or the skill and excitement of trick riding through their dare devil flips and hangs off the horses at speed.

Where are we based?
Riders of the Storm are based in Killiecrankie which is a small village outside Pitlochry, Perthshire, PH16 5LG

30 minutes north of Perth. (See map on back page)

Have you ever had a fall and been too scared to get back on? Or just nervous around horses?

This is the course for you, to help you get back on that horse and become a safe and happy rider.

The confidence course is for all different types of people, those who just lack experience and those who have had nasty falls and everything in between.

- On the confidence course we look at behavioural issues on the ground and the saddle, we look at what you could do to prevent them and also why they happen.
- To improve your groundwork and handling.
- To improve your balance and posture.
- We give you training and schooling exercises to help improve your horse and the difficulties you are having.
- We teach you to fall off as safely as possible.
- We can also look at jumping problems too.

This is all done in a safe environment in small groups on our specially trained stunt horses. You are never forced to do anything you don’t want to do.

We also provide private confidence lessons for those who would prefer one to one attention.
Horse Training

Whether your horse needs backing, re-schooling or has behavioral problems – we can help. Using a range of techniques including natural horsemanship and Standard English, we work with each horse on an individual basis. We specialise in horses with behavioral issues.

We also have a great team of specialists, an equine osteopath, saddle fitter and horse nutritionists who can be brought in to advise if and when needed. We invite horses to come to us, in Killiecrankie, so we can work intensively with them. However we can travel when required.

FANTASTIC, FRIENDLY AND FUN!!
Ultimate experience day - took my son down - didn’t know what to expect but Kirsty and the team ensured everyone had a full and fun day, lots of encouragement and support enabled us to achieve things that I didn’t think were possible! Great to see my usually shy boy confident and smiling performing tricks on the back of a horse. Delicious lunch too. Worth every penny. Loved every minute and can’t wait for our next visit.
